## Visual Evidence Nationally Recognized For Video Excellence

**F**or more than 30 years, the Telly Awards has been honoring companies and individuals for outstanding film and video excellence. With more than 13,000 entries from all 50 states, the videos are judged by people within the industry. A settlement documentary produced by the Visual Evidence production team was entered into the competition and was picked to win the award for Documentary Film Production.

The Telly Awards

### JOINING OUR TEAM...

Visual Evidence has recently added some new faces to our team.

Dave Grant brings 35 years of experience in the film industry as a Director of Photography as well as extensive experience as an Editor and Graphic Artist.

Chris Shelby comes to us with a decade of experience in the Trial Exhibits industry and has assisted us in establishing our Trial Boards Department as well as with the purchase of state of the art equipment for Large-Format Printing and Laminating.

Evelyn Zuback comes to us from the hectic world of finance where she was the Office manager for the local office of a national Financial Planning firm.

# PARTICIPATING

## Fish Story

Visual Evidence was proud to sponsor and take part in the 10th Annual PBCJA Fishing Tournament benefitting the Palm Beach County Fishing Foundation's annual "Kids' Fishing Day Program". The program provides hundreds of underprivileged children with the chance to experience saltwater fishing, learn about marine education and get a brand new rod and reel. Several members of our staff spent the day out on the water and had a great time for a great cause.

\*This actual fishing event photo was in no way altered by the Visual Evidence graphics department, honest.

Unfortunately this 739 lb. blue marlin caught by Visual Evidence owner Michael Downey was not eligible for the PBCJA Fishing Tournament.

## PBCBA INSTALLATION

Members from our staff attended the Palm Beach County Bar Association Annual Installation Banquet held at the Breakers in Palm Beach. Our congratulations go out to Michael Napoleone the new president.

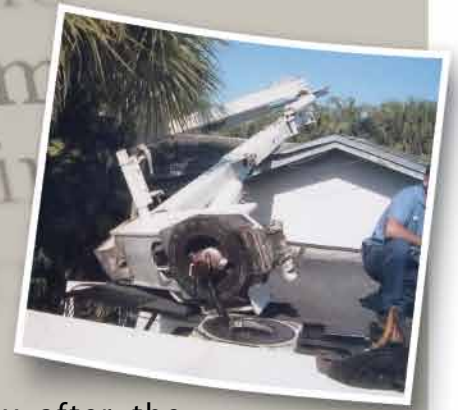

## FJA in Orlando

Visual Evidence also sponsored and exhibited at the FJA Annual Convention held at the Grand Floridian in Orlando Florida this summer. With nearly 300 attorneys and paralegals attending, it was a great way for us to connect with our established clients and also meet new ones.

# RECENT SUCCESSSES

## Million Dollar Settlement

**A** man who worked as a tree cutter suffered a spinal injury after the bucket truck he was working in suddenly collapsed. The accident left the Plaintiff a paraplegic. Visual Evidence shot day in the life video over the course of several days, and also produced a settlement documentary in the case which helped attorneys obtain a settlement against the company that provided maintenance on the equipment.

## \$3.3 Million Verdict

**T**he Second District Court of Appeal upheld a multi-million dollar decision on behalf of the family of Florida woman who eventually died due to a prescription error by a Walgreens pharmacist. The mother of 3 went to Walgreens to fill a prescription for a blood thinner called Warfarin. Instead of filling the prescription for 1 milligram, the pharmacist mistakenly filled it for 10 milligrams. The overdose of medication caused the woman to suffer a massive stroke that resulted in permanent bodily injury, disability, and physical pain.

## \$10 Million Verdict

**V**isual Evidence provided day in the life footage of a young boy who suffers from blindness and permanent brain damage. The child was born two months prematurely during an ambulance ride and the jury decided the ambulance provider was negligent in accepting the transport job, and showed reckless disregard in rendering services which caused severe injury.

## \$33.6 Million

**T**wo men were working as temporary employees at a construction site helping a crane operator. The operator allowed the cable on his crane to come in contact with an electrical line, shocking the two workers. One man was knocked unconscious, had a heart attack and now suffers from permanent memory loss. The other worker lost his right arm and the use of two fingers on his left hand. Visual Evidence provided day in the life footage that helped attorneys convince the jury to award the workers more than \$3 million.

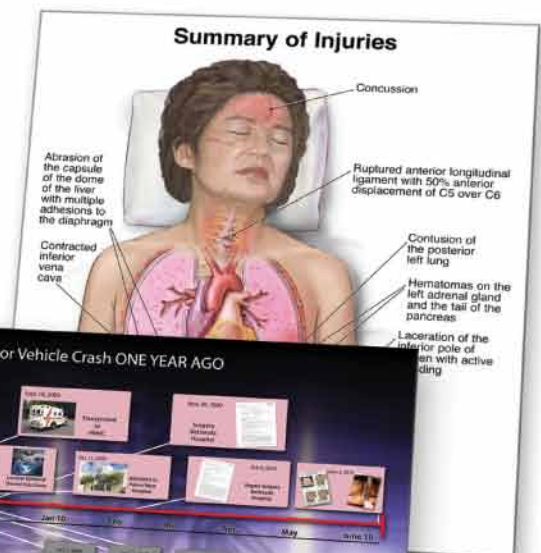

# THE BIG PICTURE

## Custom Graphics & Trial Boards

Visual Evidence is proud to announce the addition of our trial boards and exhibits department. This department ties right in with our trial support services to make Visual Evidence the only company you need for all your litigation presentation needs. At Visual Evidence, we have stayed a step ahead of technology so you can rest assured that you will get the absolute best quality production at a competitive price. Trial boards are ideal for:

- **Medical illustrations stock, modified, or custom**
- **Magnetic and interactive multi-media boards**
- **Document enlargements**
- **Photo enlargements**
- **Timelines**
- **Verdict forms**
- **Custom graphics**
- **X-ray and MRI enlargements and/or colorizations**
- **Integration with Sanction, Trial Director or PowerPoint presentations**

Our in-house creative team has over 40 years of combined graphic design experience. We offer fast turn-around service as well as delivery to your office or directly to the Courthouse. Be sure to call a team member in our Graphics Department to find out how you can present your case most effectively.

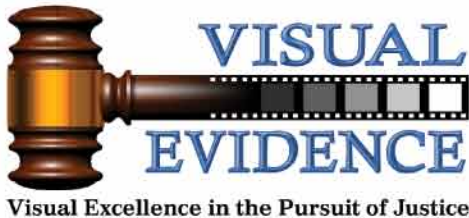

# BIG OR small

When it comes to producing a settlement documentary, a case can never be too big, or too small. While we are happy to work on multi-million dollar cases involving damages and liability that include interviews with family members, experts, treators, etc. . . , we can also produce videos with one or two interviews blended with pictures and home movies that can be very emotional and impactful. No matter

what your budget, we can help tailor a video that meets the needs of your case as well as your bottom line. Call us today so that we can discuss doing a video for you, or ask for a demo so you can see firsthand how effective a settlement documentary can be in any case.
